

smd 0603 led side view infrared led

0603 side view led is 0602 led. Infrared Led 0602 IR Led Smd 850NM 940NM Light Emitting Diode.

Brand: ALLIGHT

Part Number: AL-S0602IRC

■ Package Dimensions:**Recommend Pad Layout**

**Features:**

Chip Material: AlGaAs/GaAs

Lens Color: Water Clear

Emitted Color: Infrared

1.7x0.6x1.2mm (0602) standard package

Suitable for all SMT assembly methods

Compatible with infrared and vapor phase reflow solder process

Compatible with automatic placement equipment

More energy saving

High brightness

Durable

High-quality materials

PRODUCT PARAMETERS

Typical Applications

CCB cameras.

Surveillance systems.

Infrared illumination for Cameras.

Machine vision systems

WHY CHOOSE US

Customized design is available, OEM and ODM are welcomed.

We have best production capability, best quality control, best service.

Reply your inquiry in 24 working hours.

Customized design is available, OEM and ODM are welcomed

CERTIFICATION

ABOUT US

Dongguan Zhiding Electronics Technology Co., LTD is a high-tech enterprise specialized in manufacturing, designing and selling high quality LED lighting and LED related products. Zhaoqing Factory has more than 1000 employees, including more than 80 technicians focused on research and development.

We have advanced testing equipment, can be "normal temperature continuous light life test", "high temperature and high humidity cycle test", "cold and hot shock cycle test" and "high and low temperature storage test", "high and low temperature continuous light test", "salt spray test" and reliability test, for all kinds of product reliability test of periodic on a regular basis, provides the high quality for our product quality assurance.
